**§ 422.105 Presumption of authority of nonimmigrant alien to accept employment.**

The nonimmigrant Form I-94 classifications assigned by the Immigration and Naturalization Service shall be used to determine whether a nonimmigrant alien is permitted to work. (See 8 CFR 274a.12 for these classifications.) Permission to work shall not be presumed in the case of an alien who has not been issued a Form I-94 or whose Form I-94 shows any classification symbol designated and provided by the Immigration and Naturalization Service which does not reflect that the alien may work.

**§ 422.106 Filing applications with other government agencies.**

(a) *Agreements.* In carrying out its responsibilities to assign social security numbers, SSA enters into agreements with the United States Attorney General and other Federal officials, and with State and local welfare agencies and school authorities. Examples of these agreements are discussed in paragraphs (b) and (c) of this section.

(b) *Immigration and Naturalization Service.* In connection with the legalization procedures established pursuant to the Immigration Reform and Control Act of 1986, the Immigration and Naturalization Service may accept an application for a social security number card from an alien. Immigration and Naturalization Service employees who accept such applications are authorized to certify that they have reviewed the

evidence required to be submitted in support of the application. The employees will verify age, identity, alien status and work authorization of the applicants, and obtain evidence to assist SSA in determining the existence of any previously assigned social security number. The Immigration and Naturalization Service will then send the application to SSA for the issuance of a social security number card.

(c) *States.* SSA and a State may enter into an agreement that authorizes employees of a State or one of its subdivisions to accept social security number card applications from some individuals who apply for or are receiving welfare benefits under a State-administered Federal program. Under such an agreement, a State employee is also authorized to certify the application to show that he or she has reviewed the required evidence of the applicant's age, identity, and U.S. citizenship. The employee is also authorized to obtain evidence to assist SSA in determining whether the applicant has previously been assigned a number. The employee will then send the application to SSA which will issue a social security number card.
